

## SPEIA Basketball Analytics Summit – 2018 Call for Papers

Any student or faculty member currently enrolled in a full-time undergraduate or graduate academic program at an accredited university is eligible to participate in the showcase.

### FAQs

#### **What is the process?**

Our summit research committee will review papers.

If your paper is accepted, you will be invited to exhibit your work at the summit. After incorporating comments and feedback, accepted papers will then be submitted to the [Journal of Sports Analytics](#) for further double-blind peer review (with the author's approval). Those that pass the double-blind peer review will be published in a special issue of the [Journal of Sports Analytics](#).

#### **What papers do I need to submit?**

Please include an abstract (maximum 500 words) in the body of an email to [chi@basketballanalyticssummit.com](mailto:chi@basketballanalyticssummit.com) along with the PDF attachment of your paper.

Subject Line: BAS 2018 CFP

#### **When is the deadline to submit?**

Submit by Friday, August 31.

#### **What topic should I choose?**

This CFP is purposefully left open to a broad variety of topics. Any theories and/or analyses that can be applied to the sport of basketball – from draft forecasting to ticketing schemes to injury prevention – will be considered.

#### **Where and to whom do I send confused or frustrated emails if I have questions or concerns?**

Mr. Chi Nwogu, Summit Director at (646) 305-6308 or [chi@basketballanalyticssummit.com](mailto:chi@basketballanalyticssummit.com)

[www.basketballanalyticssummit.com](http://www.basketballanalyticssummit.com)

# Dish. Dunk. Data.
